Your sponsorship donation will help to bring the gift of sound and speech into Jonathan's life

On behalf of Jonathan, his family and Hear and Say we thank you for your support

## SPONSOR'S REPORT

#### Jonathan O

DOB: 11th June 2010 Age: 1 year, 5 months

#### **Progress:**

Jonathan is currently 17 months of age and in an intensive period of time of focus in regards to his physical development. He has been concentrating very hard on achieving the important milestone - that is to stand up and walk!

Since the last report, Jonathan has been attempting to imitate words such as 'jump' when he picks up the frog, 'roll' when we're rolling a ball to each other, 'push', and even more exciting, he recently put two words together and was able to clearly say 'pop up'!

Over the next 3 months, Jonathan will be exposed to a language rich environment full of great vocabulary and social activities during the Christmas break, and after this time, no doubt we will see that Jonathan will be naming many more objects in his environments, and we all have our fingers crossed that Jonathan will be able to say his own name very soon – this is a very meaningful goal for the family that they will be focusing on during this period of time.
